RE: Additional Container Royalty Money

I am exceptionally pleased to announce that the International has been able to access unused container royalty money that has accumulated over the past few years and can now provide an additional \$70 million that is to be distributed among the local port container royalty funds for disbursement to eligible participants. To be eligible, an individual must be active in the industry after October 1, 2022 and have received container royalty benefits for the contract year that ended September 30, 2021. Each eligible individual will receive an identical amount regardless of any contrary port rules.

I am extremely proud of the ILA workforce and all of the hard work that it accomplishes on a daily basis. These additional container royalty benefits are a tangible acknowledgment of that hard work.

Fraternally yours,

Harold J. Daggett
President
